BEAR WINE KETTLE
This kettle was used in a kitchen of the Duke of Devonshire in the 18th century. It is made of silver and is a fine example of the work of a silversmith. It is now in the collection of the British Museum.

TIBETAN DRAGON MASK
This mask is made of wood and is used in Tibetan rituals. It is a fine example of the work of a woodcarver. It is now in the collection of the British Museum.

VICTORIAN DOLL'S PRAM
This pram was used in the 19th century. It is a fine example of the work of a carpenter. It is now in the collection of the British Museum.

SACRED TEMPLE HORN
This horn is made of metal and is used in Tibetan rituals. It is a fine example of the work of a metalworker. It is now in the collection of the British Museum.

BONE PRAYER WHEEL
This wheel is made of bone and is used in Tibetan rituals. It is a fine example of the work of a bone carver. It is now in the collection of the British Museum.

AFRICAN SWORD
This sword is made of metal and is used in African rituals. It is a fine example of the work of a sword maker. It is now in the collection of the British Museum.

ELIGREE ELEPHANTS
These elephants were used in the 19th century. They are a fine example of the work of a breeder. They are now in the collection of the British Museum.
